Dear Kim,

Now that the season is over and the New Year is well under way, I want to take a moment to thank you for your assistance this past Christmas. Whether you helped by donating toys, food, or providing Christmas for an entire family, we are very grateful.

I would like to share with you that we were able to help 386 children ages 0-10 have a wonderful Christmas. We distributed 2,316 toys and 600 items of clothing to the children. We also provided a Christmas day meal to 216 men, women, or families. We wouldn't have been able to do it without your help.

Thank you for supporting The Salvation Army in Pottstown.

If there is anything we can do for you, please do not hesitate to contact me. During the year, if you would like to work with us in a food drive, coat drive, back to school drive, etc., we are more than happy to arrange that with you.

I pray you had a lovely holiday and look forward to a wonderful 2023!

Serving Him Completely,

Major Jeny Shurtleff
